

Project # SANDTWOBTR | Borough: Manhattan | Date Issued: 04/14/2023

The Brooklyn Bridge – Montgomery Coastal Resilience (BMCR) Project is an initiative to provide long-term flood protection on the south side of Manhattan.

Test Pits

South side of South Street between Clinton St. and Rutgers Slip Starting April 19, 2023 for approximately two (2) months

To assess the underground conditions, the contractor will make a series of excavations in the roadway, between Clinton St and Rutgers Slip. There will be intermittent driveway closures and temporary traffic pattern changes in the bike lane.
